FINISHED PORTRAIT / ART PRINTS										
<i>Masterpiece Signature Print</i>										
For the client seeking the timeless look of a fine oil painting, it is achieved in this finishing style by bonding a retouched color print to premium artist's canvas, which is then mounted to Masonite (or a canvas stretcher frame if you prefer). The look is completed with protective layer of hand-applied brush stroke texturing and signing by Jeff.		\$1121	\$922	\$742	\$688	\$530	\$341	---	---	---
<i>Old Master Signature Print</i>										
A beautiful painterly look is created by mounting your retouched color print on canvas over Masonite or a double-weight art board. The signed print is further enhanced and protected with a premium matte or luster coating.		\$954	\$829	\$708	\$627	\$497	\$322	---	---	---
<i>Heirloom Signature Print</i>										
An extremely long-lasting giclee style print, perfect for a fine art watercolor or black and white look. Archival pigment inks are used to directly apply your retouched image to a special acid-free, textured surface (heavy cotton rag paper or fine-weave canvas). Your print, signed by Jeff, is then mounted to archival art board.		\$925	\$804	\$692	\$608	\$490	\$306	\$179	---	---
<i>Generations Signature Print</i>										
Your retouched image is printed on premium resin-coated photo paper, then enhanced and preserved with a protective coating (glossy, matte, or luster), signed by Jeff, and mounted to an acid-free foam board or Gatorboard.		\$725	\$673	\$528	\$477	\$384	\$221	\$139	--	--
<i>Memories Basic Print</i>										
An economical print finish on professional luster surface photo paper -- great for sharing your images with family or friends, mounting in albums, or similar uses. Basic retouching and color correction are applied to your image, but the print is not mounted, coated, or signed.		---	---	---	---	\$112	\$52	\$36	\$21/1 \$42/4	\$32/16 \$51/48
